**Squire, Sanders & Dempsey L.L.P. Billing Rates**

Squire, Sanders & Dempsey has committed to maintain the fee schedule detailed in the table below through the end of 2005. Effective January 2006 these rates may be increased as part of the firm's typical practice of reevaluating its rates on an annual basis. Should the firm's billings as part of the BearingPoint team exceed \$1 million in a given calendar year, the firm would discount its then-effective rates by 7% (on a going-forward basis) for the remainder of that calendar year. For the purposes of this provision the remainder of 2004 and all of 2005 would be treated as a single year.
